

## THE BAPTIST UNION TO MEET AT DENVER

### CONVENTION SELECTS THE WESTERN CITY.

**Minneapolis Defeated After a Hard Fight—The Union Elects President Officers—Features of Friday's Meetings—Many Delegates Go Home, as Business is Finished.**

Milwaukee, Wis., July 18.—After where victory seemed certain Minneapolis saw Denver take the prize of selection for the 1898 convention of the Baptist Young People's Union of America.

The fight over the selection of a city was a long one, and it was not until Friday afternoon that it was finally decided. Chattanooga made such a showing of strength that the western states combined and Denver was selected. The awarding of the prize, however, is conditional on the rates being satisfactory. The convention next year will be held in Brooklyn, N. Y.

The election of officers took only a few moments. The committee on nomination reported and its report was adopted without a dissenting vote. President Chapman and Treasurer Moody are re-elected, the other places being filled by new men. Following is the list:

President, John H. Chapman, Chicago; first vice-president, Rev. C. L. Seasholes, Dallas, Texas; second vice-president, F. L. Fouke, Ottawa, Ontario; third vice-president, C. E. Tingley, Lincoln, Neb.; recording secretary, the Rev. H. W. Reed, Waukegan, Ill.; treasurer, Frank Moody, Milwaukee, Wis.

The delegates to the convention of the Young People's union were up with the sun and the early services were attended by larger crowds than on the previous day. There was no morning session in the Exposition hall, but in its place there was a large number of meetings held in various churches and small halls throughout the city. At the meetings a great variety of topics were discussed, all of them, however, dealing with some form of Christian work.

There was a short session in the afternoon, the main attraction being the parade of the standard-bearers with the flags and banners representing the different states. This was viewed by an immense crowd, which completely filled the great hall.

An open parliament was conducted by the Rev. R. R. Mackay of Ottawa, Ont., on junior work, the discussion being an informal one, and more were ready to take part than could be heard. A second open parliament was conducted by the Rev. W. W. Main of Boston.

The Rev. John H. Eager of Florence, Italy, was unable to be present and Mrs. Frank L. Wilkins, wife of the general secretary, then spoke on the advance made by junior work during the last year, which has been one of the most notable in the history of the junior workers. She said that so fast had they sprung up and increased in membership that it is almost impossible to approximate their number. She said that the number of examination papers in the culture courses had been trebled twice in the three years since its beginning, there having been 700 the first year, the second 2,700 and 6,400 the third.

Illinois and Michigan lead at present in junior work, the success in the former state being largely due to Mrs. L. J. Tucker of Chicago, and in Michigan to the effort of Miss Latourette. The workers' conference "on instruction," at the Grand Avenue Methodist Episcopal church, was conducted by the Rev. W. P. McKee of Minneapolis. It was attended by an audience that filled the church. Franklin Sweet of Granville, O., delivered an address on "Promoting Missionary Zeal by Giving Missionary Knowledge." Money, he said, was the great need at present, and the reason why more money was not forthcoming was that the general public was ignorant of what was being done in missionary work. It should be the work of the Baptist Young People's union, he said to spread the work.

There was no session of the convention in the Exposition hall until Friday afternoon. When the Rev. E. H. Shanks of St. Louis, Mich., stepped forward to lead the praise service there were fully 12,000 persons in the hall. The feature of the afternoon was the "salutation of the flags." Each state was represented by a minister carrying the banner of his state, and, forming in line, they marched to the platform, where, in turn, they made brief reports of the work done. When all had thus reported they massed themselves on the platform, and the prizes were awarded to the various class competitions.

The prize banner for the bible readers' course went to the Dearborn society of Buffalo, the conquest missionary course banner to the First Baptist society of Quincy, Ill., and the sacred literature course banner went to the Baptist society of Amherst, N. S.

A large number of delegates and ministers made the discovery that they cannot leave the city until Monday morning on the excursion tickets on which they came here. The reduced-rate tickets all specify that they are not good until Monday, and few of the visitors read this clause.

**Refuse to Indorse Bryan.**  
Cheyenne, Wyo., July 18.—The Wy-

oming Baptist state convention was held here Friday, and elected delegates to the national convention to be held at St. Louis. Resolutions instructing the delegates to indorse Bryan were defeated and withdrawn. The Omaha platform of July 4, 1892, was reaffirmed, and a new plank added, demanding direct legislation by the "initiative and referendum" method.

### GREAT JOY AT LINCOLN.

**Mr. Bryan Is Welcomed Home by Citizens of His Native Town.**

Lincoln, Neb., July 18.—Amid an uproar of booming cannon, pealing church bells, screaming steam whistles and the shouts of 20,000 people William J. Bryan, the democratic nominee for president of the United States, entered this, the capital, city of Nebraska Friday evening. All day long excursion trains brought in people from the surrounding country. From the time Mr. Bryan and his family left Kansas City until they reached home there was a continuous ovation. When they reached here they were driven in a carriage, escorted by Bryan marching clubs and military bands to the state house, where they received the citizens of the capital city. When the reception was over Mr. Bryan went to the platform erected at the north end of the state house, where he addressed what is said to have been the largest congregation of people ever assembled in Lincoln. His speech was short, for there was a most unpleasant, drizzling rain falling. He was received with a thunderous applause.

Today Mr. and Mrs. Bryan will go to Omaha, where in the evening there will be a demonstration in their honor.

Mr. Bryan's party left Kansas City at 10:40 o'clock Friday morning. At every station between Kansas City and St. Joseph there were crowds of citizens who cheered the nominee.

It was 12:30 o'clock when the train reached St. Joseph, where between 6,000 and 7,000 persons were at the station. Mr. Bryan was escorted to a platform and made a short speech. When the speech ended Mr. Bryan shook hands with a large number of the assembled citizens while the St. Joe band played the "Star Spangled Banner." Rulo, which stands just across the border from Missouri, was the first Nebraska town passed. The train only stopped here a minute, so it was impossible for Mr. Bryan to make a speech, but he stood on the platform and shook hands with a large number of his old constituents. Rulo is in the district from which Mr. Bryan was twice sent to congress.

The next stop was made at Falls City, where the entire population and a large number of farmers from the surrounding country had assembled to welcome Mr. Bryan home. The depot was decorated with flags and bunting. In response to the cheers of his fellow-citizens Mr. Bryan again made a short talk. The depot at Table Rock, like the others along the route to Lincoln, was draped with flags and bunting and banners of welcome to Mr. Bryan. Several hundred people were at the depot to welcome him.

### M'KINLEY GOES TO CLEVELAND.

**Will Make Opening Address at the Centennial Exercises.**

Canton, O., July 18.—Major and Mrs. McKinley will leave for Cleveland next Monday, where they will be the guests of M. A. Hanna. Major McKinley will make a short talk on the opening of the Cleveland centennial ceremonies, he having been made honorary president of the centennial commission while governor of Ohio. This will be the first time he has left town since his nomination at St. Louis.

The various members of the national executive committee who were with Major McKinley Thursday left Friday for their respective homes. Neither Mr. Hanna nor Senator Quay was with the committeemen. The latter denied that any special person had been selected to have charge of either the eastern or the western headquarters, but it is believed that the eastern members will be attached to the New York offices and Mr. Dawes of Illinois will have charge of the Chicago rooms. It is also tacitly conceded that Chicago will be the main distributing point of the committee, the campaign in New York being directed from the western offices. Mr. Hanna has not yet named the man to fill the last place on the committee.

### Silver Sentiment in Michigan.

Detroit, Mich., July 18.—From reports thus far received throughout Michigan it seems that many farmers have become convinced that free silver is the one thing needful for their happiness. A mass meeting was held in Scotts, Cheboygan county, Thursday night, and a big majority of the voters, democrats and republicans, pronounced in favor of the democratic ticket. At Flushing 75 per cent of the farmers are said to be avowed and enthusiastic free-silver men, and in Tuscola county, heretofore strongly republican, every one is surprised at the growth of the free-silver sentiment. The feeling is even making inroads on the republican side of the house, and in many of the counties the opinion is expressed that Pingree, a free-silver republican, is the only one who can save the state for the dominant party. Information from the upper peninsula seems to show that the miners and laboring classes are in accord with the farmers of the lower peninsula.

### Mr. Vandebilt Does Not Improve.

New York, July 18.—At 8:30 p. m. Friday it was said that there was no change in the condition of Mr. Cornelius Vanderbilt, and had been none during the afternoon.

## CHARGE ON RIOTERS BY OHIO MILITIA

### SOLDIERS AT CLEVELAND DIS- PERSE A MOB.

**Strike Sympathizers Throw Stones at the Soldiers, and a Charge with the Bayonet Is Ordered—Twelve Wounded, Some of Them Seriously Much Excitement Aroused.**

Cleveland, Ohio, July 18.—Friday was another turbulent day in the vicinity of the Brown company's works. There were several incipient riots, and an open conflict between the mob and the militia. The troops put 1,000 men to flight at the point of the bayonet.

The trouble began in the morning, when Patrolmen Guenther and Carey were surrounded by a mob of rioters and threatened with death. The officers held the mob at bay until help came, and one of the leaders was arrested. In the afternoon two militiamen on a street car on their way to do picket duty were set upon by a dozen men. The soldiers were unarmed at the time, but they used their fists and drove their assailants from the car. Subsequently three of the rioters were arrested.

At night when the non-union men were taken from the works Capt. Zimmerman with a company of militia cleared the street. Afterward the soldiers returned to the works and a crowd of 1,000 men gathered in a vacant lot across the street. They assailed the militiamen with epithets. Finally somebody suggested that the soldiers be stoned. Capt. Zimmerman said he was waiting for the stone-throwing to begin. Just then a stone grazed his cap.

Then the order to charge was given, and the soldiers plunged forward. The crowd broke and started to run, but all could not get away from the soldiers. At least twelve men were bayoneted, and some of them were seriously hurt. The injured were taken away so quickly that it was impossible to learn the names of any of them.

A squad of four militiamen of company I was returning home Thursday night, having escorted men from the works, when one of them separated from the others near East Madison avenue. He was noticed by the strikers and a small crowd followed him, hooting and jeering. By the time he reached Jaete's block in Hamilton street the mob had grown to 4,000 or 5,000 in number, and stones were thrown. The soldier had only his side arms and ran into a grocery store to escape. The crowd threatened to tear down the building and he came out. Special Policeman Owen Murphy appeared and started to escort the militiaman to a patrol box that police assistance might be summoned, but the mob encompassed them and attacked them with stones, sticks and fists. Meanwhile word of the trouble had been sent to the militia at the Brown works, and company F hastened to the rescue at double quick. With rifles at charge bayonets the soldiers rushed at the crowd, clearing the street speedily.

A number of men and boys were stabbed with bayonets, but only two seriously. Thomas Garrity of Oxford street and Thomas McGlarvey of St. Clair street. They are wounded in the back, and McGlarvey may die. In the excitement the lone militiaman escaped. Patrolman Murphy, however, was so badly beaten that his recovery is in doubt. Martial law will be enforced in the disturbed district from now on.

The situation is worse than it has been at any time yet. The mobs are growing desperate, and the troops have lost patience. It is reported that there will be some shooting today if there is any show of violence.

### Cashier Loots the Bank.

Wichita, Kan., July 18.—S. G. Fleming, cashier of the Exchange National Bank of Eldorado, in Butler county, has been arrested on a charge of embezzlement and forgery and placed in jail. The cashier has robbed the bank of \$10,000 by means of forged notes, running in amounts from \$2,000 to \$3,000. The loss through his perfidy will not effect the solvency of the institution, as the stockholders are worth many times the amount of deposits. About a year ago the bank was robbed of \$15,000 and the officers never obtained a clew to the robbers. Fleming is thought to be the guilty party.

### Wants Populist Indorsement.

LaPorte, Ind., July 18.—A movement has begun in northern Indiana to secure the indorsement of Benjamin F. Shively, the democratic nominee for governor, by the populist state convention. M. Shively is unequivocally for free silver. The populists in the election of 1894 held the balance of power in the state.

### Justice Field Is Seriously Ill.

San Francisco, Cal., July 18.—Justice Stephen J. Field is seriously ill at Paso Robles, where he went two weeks ago, hoping to derive benefit from the springs. He has grown so much worse during the last few days that it was deemed necessary to bring him to this city for treatment. His condition is said to be precarious.

### New York Democrats to Confer.

Poughkeepsie, N. Y., July 18.—Chairman Hinkley has issued a call for a meeting of the democratic state committee, to be held at the Hoffman house in New York Tuesday, July 23, to consider the political situation.

## THE TRADE REVIEW SHOWS DULLNESS

### FINANCIAL CONTROVERSY UN- SETTLES BUSINESS.

**Merchants and Manufacturers Are Not Eager To Invest Their Money—Little Trading in the Stock Market—Failures for the Week Number 269—The Iron Market.**

New York, July 19.—R. G. Dun & Co.'s Weekly Review of Trade says:

Disapproval of the action at the Chicago convention would seem to have had some influence in the markets the past week, but a far more important factor has been that the financial future is still uncertain. This acute attack of doubt coming at a time when business is for other reasons seriously depressed, has made the week unusually gloomy in speculative circles.

The wheat market has been remarkably well supported, despite every favorable government report, and prices are a shade higher than a week ago. Western receipts of wheat have been 3,581,633 bushels, against 1,453,419 for the same week of July last year, and Atlantic exports, flour included, have been 1,485,981 bushels, against only 547,018 for the same week last year. These and other reports do not indicate a small yield.

Cotton has fallen about ½ cent in options and ¼ cent in spot prices, holders of large quantities in expectation of a cotton famine in July having changed their minds. The closing of about three-quarters of the southern mills and half the northern in producing capacity pending new crop will help to prevent a disastrous decline in prices of goods, but the yield is likely to be more than 9,000,000 bales. The decrease in consumption here is not as yet effective in helping the prices of cotton goods, which are still selling at about the lowest quotations ever made.

The woolen manufacture is waiting, and as new orders are exceedingly slow the sales of wool at three chief markets were for the week only 2,155,100 pounds. There is no change in prices, and western holders are still asking higher prices than eastern markets can pay.

The output of pig iron from July 1 was 180,532 tons weekly, against 182,220 June 1, and 17,194 tons a year ago. The decrease since the maximum was reached, Nov. 1, 217,306 tons weekly, has been material, and yet stocks are rapidly accumulating, those held by producers, not including the great steel companies, amounting to 815,822 tons, an increase of 29,929 tons for the month of June, or about 7,000 tons per week, which indicates a consumption of less than 173,000 tons.

The demand for finished products of iron and steel is extremely narrow. But in bars, the combination has found itself unable to maintain prices, and there are renewed reports that the great decrease in sales of nails will force a reduction of price August 1. Bessemer pig has not changed in quotation at Pittsburgh, although several individual low sales at Indianapolis and Pittsburgh are reported. The average of iron and steel prices is the lowest since a year ago.

Failures for the week have been 269 in the United States, against 256 last year, and thirty-five in Canada, against thirty-nine last year.

### WALL WILL NOT BOLT.

**Wisconsin Leader for Bryan and the Democratic Ticket.**

Milwaukee, Wis., July 18.—E. C. Wall, the Wisconsin member of the democratic national committee, will not bolt. He will support Bryan and Sewall, and will do everything in his power to help them to election. This announcement caused surprise in this state, as it was taken for granted all along that he would follow the leadership of Vilas and Bragg and come out for a gold candidate. His decision to stand by the nomination will do much to weaken their influence and it is doubtful now if they can muster much of a following in the field in this state. Wall was chairman of the state central committee here in the two victorious campaigns which the democrats conducted, and he has a large following. At present he is in poor health, and it is doubtful if he can stand the strain of taking an active part in the campaign. Senator William F. Vilas at the Milwaukee said he had no statement to make, and it was undecided what would be done in reference to issuing a call for a meeting of gold men. The action of Mr. Wall in announcing that he would stand by the Chicago platform has disarranged the plans to some extent, but the senator said it would have no effect on the course of events.

### Hibernians Have Adjourned.

Detroit, Mich., July 18.—The week's session of the Ancient Order of Hibernians closed Friday afternoon. The most important step taken was that of affiliating the ladies' auxiliary, which for the present will be under Hibernian protection, though the ladies sooner or later hope to develop sufficient strength to form a national organization of their own. The following officers were elected: President, P. J. O'Connor, Savannah, Ga., re-elected; vice-president, John C. Weadock, Bay City, Mich., re-elected; treasurer, Thomas J. Dundon, Columbus, Ohio; secretary, John J. O'Sullivan, Philadelphia.

## CUTS DOWN GOLD RESERVE.

**Two Millions Withdrawn at New York, Leaving \$94,000,000.**

New York, July 18.—Two million dollars in gold was withdrawn Friday from the United States assay office and sub-treasury for export to Europe. These withdrawals cut down the net government gold reserve to a little above \$94,000,000 without taking into consideration smaller withdrawals not for export made in the course of the day. Prior to the opening of business the government gold reserve amounted to \$96,166,292 yesterday's gold withdrawals having amounted to \$149,000. Thursday's withdrawals \$50,000 went to Canada and the rest was divided into a number of lots, some of which probably represented intending hoarders of gold. The largest single lot was \$100,000.

A report from Chicago was circulated in Wall street that the New York banks were about to use silver certificates in the settlement of their balances at the clearing house. The report was positively denied by officers of the Clearing House association.

Assistant Secretary of the Treasury Curtis today paid a brief visit to Assistant Treasurer Conrad N. Jordan at the sub-treasury. It is surmised Mr. Curtis is conferring with sound-money democrats as to what steps can be taken to keep up the gold reserve, and also he is learning the exact state of affairs in this city in case a bond issue is necessary. Some Wall street men think that the banks may be requested to turn over some of their stock of gold to the sub-treasury in exchange for legal-tender notes.

### PLAN OF POPULISTS.

**Likely to Nominate Bryan at the St. Louis Convention.**

Terre Haute, Ind., July 18.—Morton C. Rankin, treasurer of the populist national committee and a member of the executive committee, says that in his opinion under the existing circumstances, the wisest and most practical thing for the populists and silverites to do at St. Louis next week would be to nominate Bryan, change the democratic platform in a few details, add the referendum plank, and then nominate their own candidate for vice-president. He thinks this second place should go to the south, and suggests the names of Judge Hines of Georgia, Senator Marion Butler of North Carolina and Col. Mimms of Tennessee. The populists, consolidated with the silverites, which he confidently expects will be the first result of the dual convention next week, should place their own electoral ticket in the field, where they could elect it, and divide electors with the democrats in such states as Indiana, Illinois, Ohio, Michigan, Wisconsin and Minnesota. It is Mr. Rankin's belief that the populist ticket will be stronger in most, if not all, the states west of the Mississippi river than the democratic ticket.

### Democratic Campaign Talk.

Washington, July 18.—Senator Jones of Arkansas, the chairman of the national democratic committee, returned from New York Friday. He says that his eastern visit was a private one, and that he did not see either Mr. Hill or Mr. Whitney. Senator Jones expects to issue a call for the meeting in New York at the time the notification committee informs Mr. Bryan of his nomination. It is not probable that the permanent headquarters of the national committee will be selected until that time. The senator prefers either Washington or Chicago for these headquarters. Although the formation of the executive committee is practically in the discretion of the chairman, the prospect is that its personnel will not be finally determined until the meeting of the national committee in New York.

### Spain in a Conciliatory Mood.

London, July 18.—A dispatch from Madrid to the Standard says that relations between Spain and the United States are now on a satisfactory footing. The dispatch adds that no final decision will be taken in the case of the Americans captured on board the filibustering schooner Competitor and on American claims for various indemnities until the session of the cortes closes. It is further reported that the United States will recognize Captain General Weyler's regulations requiring the registration of foreigners before he will allow them the privileges of their foreign citizenship, only in so far as they do not clash with the Spanish-American treaty of 1877.

### One More Body Found.

Cleveland, O., July 18.—One more body, that of a man which has not yet been identified, was recovered at an early hour Friday morning from the river at the scene of Thursday night's disaster, making the total number of dead removed to the morgue sixteen. It is believed that there are still several more bodies in the river, as at least three men who were on the boat have not been accounted for.

### To Defeat the Chicago Ticket.

Philadelphia, Pa., July 18.—Some of the leading democrats of this city, who are opposed to the Chicago platform, held a conference Friday and adopted a resolution providing for the appointment of a committee of seven to confer with the state leaders with a view of adopting the best methods for accomplishing the defeat of Bryan and Sewall.

## HALF A TOWN BURNS BEFORE DAY BREAK

### HUNDREDS IN MALVERN, ARK., ARE HOMELESS.

**Fire Breaks Out at 2 O'clock in the Morning, and Destroys a Large Part of the Town—Community of Six Thousand People Is Severely Stricken.**

Malvern, Ark., July 17.—A large part of the town was destroyed by a fire that started at 2 o'clock this morning. Hundreds are homeless. The population of the city is six thousand and hardly half the houses are standing.

### Populist Leaders in Conference.

St. Louis, Mo., July 18.—Today the national executive committee of the people's party hold a conference here to arrange matters for the national committee and the convention, both of which will meet next week. "If the democrats will give us our share of the electors there will be no difficulty in the way of united action for silver," said Sergeant-at-Arms McDowell of the populist national convention in the course of an interview. Talks with other leading populists showed this to be the situation, there being a well-defined feeling against indorsing the Chicago convention ticket. The populist plan is to divide the electors in each state according to the strength of the populist and democratic parties, the stronger candidates to take all the electors after the election. This, they contend, will insure the election of a silver man, whereas if each party put up a separate candidate and did not fuse on electors the silver vote would be divided and the fight for silver lost.

### Missouri Gold Men to Meet.

St. Louis, Mo., July 18.—Prominent gold-standard democrats of this city have taken the first step toward repudiating the ticket and platform of the Chicago convention. They decided to issue a call for a convention of the gold-standard democracy of Missouri to determine whether or not a third ticket shall be put in the field; whether the fight for gold shall extend into the congressional districts, or whether the bolters shall come out openly for McKinley and centralize their efforts on him. Circulars will be sent all over the country to gold-standard leaders, asking them to co-operate or be present at the meeting.

### Waite Declares for Bryan.

Denver, Col. July 18.—Ex-Governor Waite, having declared himself a supporter of the democratic candidates nominated at Chicago, the contesting delegation from Colorado to the populist convention at St. Louis, of which he was the chairman, has deposed him from that position and elected R. A. Southworth in his place. Waite will go to St. Louis, however, and work for the indorsement or nomination of Bryan and Sewall.

### Complete Their Ticket.

St. Paul, Minn., July 18.—The Minnesota free-silverites followed their mass-meeting of Thursday with a conference at which this ticket was practically agreed upon: Governor, John Lind, of New Ulm; Lieutenant-Governor, Philip B. Winston of Minneapolis; Treasurer, E. B. Corse of Minneapolis; Secretary of State, Herman Stokenstrom of St. Paul; Attorney-General, Pierce Butler of St. Paul.

### Alabama Democrats Will Meet.

Montgomery, Ala., July 18.—One hundred and twenty-five prominent business men of this city have signed a call for a meeting of "sound money" democrats to be held in the theater tonight, when such steps will be taken as may be deemed necessary or advisable in regard to the platform promulgated and the ticket nominated by the Chicago convention.

### Kansas Bolt McKinley.

Topeka, Kan., July 18.—The free silver state committee will issue an address to the free silver republicans of Kansas urging them to stand with the democrats and populists for Bryan for president. Judge Ray, chairman, says 20,000 Kansas republicans will bolt McKinley. This would lose the state to the republicans by 40,000 majority.

### Instructed to Vote for Bryan.

Philadelphia, Pa., July 18.—The state convention of the American silver party was held here Friday. Eighteen delegates-at-large were chosen to the national convention to meet in St. Louis on July 22. Resolutions were adopted congratulating the democratic party in making a stand for the free and unlimited coinage of silver at a 16-to-1 ratio. The delegates were instructed to vote for Bryan and Sewall as the candidates of the American silver party.

### France Raises Sugar Duties.

Paris, July 18.—The French government is about to issue a decree increasing the duties on foreign raw sugar from 7 francs to 10½ francs, and on foreign refined sugar from 8 francs to 10½ francs. The decree is to take effect August 1, on the same date as the German export bounties go into effect.

## FORKS AND SILVER AS COINABLE GOODS

### QUESTIONS ABOUT FREE SILVER ANSWERED.

Six More Mints Would Be Needed—Director Preston Explains the Modus Operandi of Converting Old Spoons, Napkin Rings and Teapots Into Money.

After all that has been said of the free and unlimited coinage of silver at a ratio of 16 to 1, one would suppose that almost every person of reasonable intelligence would have at least a general understanding of what it means. But it is manifest that there are many people who do not. It is hard to believe, but it is nevertheless a fact that a belief prevails in some sections of the country that the federal government would make a free distribution of silver dollars. There are others who believe that for every gold dollar presented the government would pay sixteen silver dollars. These are only a few of the extreme notions that cloud the vision of the country's voters. There are a great many of average intelligence, who have only a vague understanding of the question.

A statement of exactly what might occur when anyone has the right to take bullion to the mint for coinage, is therefore of interest.

How Silver Should Be Coined. "Until legislation carrying out in detail the general plan of free coinage of silver as contemplated by the platform at Chicago has been enacted," said Director R. E. Preston of the Washington mint, "it will, of course, be impossible to describe accurately just what would have to be done. I can only explain generally what the routine would be, based on experience gained before the repeal of the Sherman law and upon what free coinage of silver is generally interpreted to mean.

"In the first place, silver in any form, if not too base for the operation of the mints, would be received under a free coinage law from anybody and coined into silver dollars or bars free of charge, except the cost of the alloy employed, two cents per ounce. The word 'unlimited,' as used in connection with the financial plank in the Chicago platform, means that there shall be no restriction as to the amount of bullion permitted to be received and coined. Unless by legislation the coinage of silver should be limited to the American product, our mints would be open to all the silver in the world, and it may safely be stated that without such a restriction the United States would within a few years have the surplus silver of the world. By surplus, I mean all the silver not used by other nations as subsidiary coin.

Old Spoons Melted Down. "Under a free silver law anyone possessing old silver spoons, table ware, or anything else containing silver would have the privilege of taking such articles to the mints and having them coined into silver dollars. It is not to be expected, however, that the mints would be called upon to perform much work of this character. It will be the smelters and refiners who will do most of this work.

"To avoid embarrassment to the mints by those having small quantities of old silverware, it is probable that bullion of less value than \$100 would not be received, as provided in the old coinage law.

"At the mint the bullion would be weighed in the presence of the depositor or his agent and payment would be made as soon as the fineness of the bullion could be ascertained by assaying.

### Cart Wheels Enough Now

"It is not to be presumed, however, that under a free coinage law a person presenting bullion would have to wait for his money until the material which he had presented had actually been coined. All that would be necessary would be to wait until the actual value of his bullion had been ascertained. Nor is it to be presumed that any great number of people would go to the mints for their silver dollars. The chances are that you would not find any more cart-wheel dollars in circulation under a free silver law than there are now. The coin is too cumbersome. The people want free silver but they would rather have a governmental paper equivalent for it than its actual weight in metal. The result would be that silver certificates would be authorized to take the place of the silver dollars and the United States treasury would have to be the store house for the bulk of the metal itself. This would bring up

The question of increased vault room in the treasury and sub-treasuries as well as half a dozen at least, additional mints.

What "16 to 1" Means. "The term '16 to 1' means that the pure silver in the standard dollar weighs about sixteen times as much as the pure gold in the gold dollar. A silver dollar now contains 371.31 grains of silver, while a gold dollar contains 23.2 grains of gold. At the time of the establishment of the United States mint congress agreed that the ratio between gold and silver would be as between fifteen pounds to one pound, this being at that time the relative value of the two metals. It was subsequently found that the ratio gave too high a value to silver. It was accordingly changed to 16 to 1. By this action congress jumped on the other side of the stream. In European countries the ratio had been fixed at 15 to 1. As a result the silver owners of the United States shipped all their products to Europe for coinage, and until 1873, when the revision of the coinage law was made, only about 3,000,000 silver dollars had been coined.

Ratio Has Changed. "Under the Bland-Allison act, 400,000,000 silver dollars were coined, and these, added to the notes issued under the Sherman act, make the total amount of silver in our currency more than \$500,000,000, all on a 16 to 1 ratio.

"At the present time the value of the silver in the markets of the world is about thirty pounds of the white metal to one of gold. Our people would, therefore, under the ratio of 16 to 1, have 53-cent dollars, which might circulate for their face value in the United States, but which would only be accepted at their bullion value abroad."

### EVANSVILLE DRAINAGE SYSTEM

An Election Which Results in Favor of the Underground Plan.

An interesting election was held in Evansville in which many women voted, to decide the question of tile or surface drainage. Some weeks ago the council ordered certain portions of the town drained and after the grade had been established and the work begun, a majority of the tax payers concluded that tile underground drainage was preferable. The vote was 316 to 41 in favor of the latter system, notwithstanding the opinion of the city engineer of Madison and the county surveyor. The people accepted the opinion of Mayor Heddles of Edgerton on the underground plan. The contest stirred up a great deal of excitement.

### UNIFORMS FOR C. & N. W. MEN

Janesville Employees of the Company are Measured For New Suits.

Before October 1 all the C. & N. W. depot employees must be uniformed. The ticket agent's uniform is like those of conductors while baggagemen are to be uniformed like brakemen. An agent is here representing the clothing firm of Sellstrom & Kelly, of Chicago, and the C. & N. W. employees are being duly measured. When the uniform comes Agent C. A. Potter, Assistant Ticket Agent William Porter and Baggage Agent Michael Duly are expected to give a parade.

### AWNING WIRE MADE A "CROSS"

Telephone and Electric Light Troubles Caused in a Curious Way.

After much work on the part of the telephone line men, the break that caused so much trouble Thursday has been located, and the blame fixed on a local awning man. During the erection of one of the awnings in front of Zeigler's clothing store, a small piece of wire was twisted over a Norcross light wire. In time, the insulation on the Norcross wire was penetrated, and a heavy current was conveyed to the telephone cable twenty feet away, over a strip of tin.

### PASTOR CALLED TO BELOIT.

Rev. T. T. Creswell of Minneapolis, Wanted By the Presbyterians.

The First Presbyterian church of Beloit has extended a unanimous call to Rev. T. T. Creswell of Minneapolis, to become their pastor to succeed Rev. C. D. Merrill, resigned. The church has a good building, fine organ and excellent equipment, and is a promising field. It is thought Mr. Creswell will accept the call.

### MUCH LEAF IN THE TWO DEPOTS

Janesville Dealers Keep About Two Thousand Cases Stored There.

Fire in the Janesville freight depots would mean heavy loss to the tobacco men. In the two depots nearly two thousand cases of leaf are stored ready for shipment. Very little of it has been sold but as the storage cases in the depots are very light, dealers have fallen into the habit of keeping leaf there.

## EVERY BARN FULL NEAR THE TRACK

### VALUABLE HORSES FILL THE STALLS.

More Strings Are Expected Between Now and Monday Night—Boarding House War at the Track Results in a Cutting of Prices—Notes About Flyers.

Every available space at the race track is occupied by horses, and barns in the vicinity of the grounds are in great demand and are bringing good prices. A number of stables arrived in the city today, while others are expected between now and Monday night. The large Prater tobacco warehouse on East Milwaukee street has been turned into a stable and before Monday night stalls will be at a premium.

Several of the fast horses at the fairgrounds wear alumni shoes and seem to be proud of the fact.

The George Castle stable from Chicago has arrived at the track.

War Among Boarding Houses. Wars being waged in the vicinity of the air grounds between private boarding houses and dining hall keepers. The result is that horsemen are being bartered at unheard of prices.

Ever since the first part of the week private families in the vicinity of the race track have not only solicited boarders, who are employed at the track, but they have cut the scale down as low as \$2.50 a week or twenty cents a meal. With this rate prevailing, Frank Parker, who bought the dining hall privilege at the track, finds the prospect very unsettling and talks of dropping prices still lower.

### Mile 1:12 Without Driver

Happily the horse that paces without driver sulky, was turned loose alone on the track today, and went to the quarter in 30, to the half in 1:03 and finished easily in 2:12.

Delmont, entered in the 2:16 class trot here, won the free-for-all in Aurora yesterday, making the half-mile track in 2:17.

Two noted stables arrived in the city today, being the Elwood, of DeKalb, Ill., and the M. E. McHenry stable from Freeport. Both travel in palace horse cars of their own and among the 'Elwood string are the pacer, Belle Mahone, 2:10; Tom Miller, entered in the 2:16 trot, Bonnie Red in the three year old 2:30 trot and Red Leaf entered in the 2:12 pacing class.

### JUNIOR LEAGUE SOCIAL WAS A HIT

Little People Presented an Excellent Programme at the First M. E. Church.

Juniors of the First M. E. church gave a very successful entertainment last evening. They were working to fill a dime savings bank, and they filled it with dime savings left to make a good showing in a collar box.

The programme opened by an orchestral selection—toy drums, a triangle, bells and harmonicas being the instruments. There were remarks by Rev. Mr. Manaton, and other numbers were: "Welcome Song," Cora Gower and Alice Dayton; "Dolly's Speech," Bessie Williams; "Sixty Years Ago," Jessie O'Neill; "Visitors from Storrs Land," John Lewis, Ethel Bates, Cora Manaton, Walter Hanson, Ida Thornton, and Blanche Lathers; "Sweet Bunch of Daisies," Pearl Hall and Mabel Woodman; "Three Little Kittens," Gladys Rutter, Flossie Hannon and Margaret Bates; "The Careful Messenger," Alice Dayton; "Boy and His String," Bert Thornton; "The New Toy," Robbie Clithero; "Moving," Grace Thornton; "My Best Friend," Myrtle Keller and Howard Clithero; "Grown Up Land," Laura Gower; "Good Advice," Mabel Woodman, Pearl Hall, Alice Cousins and Fannie Clithero, and a harmonica solo, "When the Roll is Called up Yonder," Allie Griswold. Arthur Granger, president of the Junior League, announced the numbers, and there were accompaniments by Miss Cora Rutter. Two effective numbers were a good night drill by Cora Manaton, Bertha Rutter, Rosie Frantz, Eva Hollis, Grace Thornton, Nettie Parker, Margery Bates and Gladys Rutter, and a rainbow drill in which the following girls took part: Rose—Alice Cousins, Pearl Hall, Vera Vallean, Fanny Clithero, Tulips—Cora Wilhelmy, Mabel Woodman, Mabel Yates, Nellie Hollis, Dandelions—Etta Hollie, Sigrid Persons, Edna Parker, Gerlie Morris. Snowballs—Clara Yates, Ethel Bates, Jennie Schultz, Elvina Morris. Cornflowers—Cora Manaton, Bertha Rutter, Hazel Alden, Blanche Lathers. Morning Glories—Rosie Frantz, Eva Hollis, Bessie Williams, Pearl Linneman. Violets—Grace Thornton, Nettie Parker, Margery Bates, Gladys Rutter.

### At the conclusion of the program

ice cream and cake were served in the church parlors, the little girls making charming waitresses.

### HORNED TOAD IN THE FIRST WARD

Curious Creature Found On Terrace Street By William Meggott.

William Meggott captured a Mexican horned toad on Terrace street yesterday afternoon.

"What is it?" asked a man in blue overalls.

"It must be an army worm," said another.

The identification of the curious batrachian followed and people wondered if Janesville had been switched into the torrid zone.

### BICYCLE PARTIES ARE POPULAR

Two Companies of Young People Entertained Delightfully Last Evening.

Miss Louise Crosby gave a delightful bicycle party last night, in honor of Miss Ethel Warner of Chicago. Thirty-five guests on wheels spent part of the evening enjoying a moonlight spin over country roads. Later they returned to Miss Crosby's home 205 North Jackson street. Refreshments were served on the broad piazza and there was singing and jollity until time for farewells.

Miss Genevieve Rich gave a cycle party in honor of Miss Barker of Chicago last evening. The five mile school house on the Beloit road was chosen as a goal and here a stop was made before the return trip. After returning refreshments were served at Miss Rich's home on Court street.

### RIFLE RANGE TO BE ABANDONED

Light Infantry Boys Will No Longer Practice on the Paul Farm

It is said the Light Infantry rifle range at the foot of South Main street, will soon be abandoned. Complaints that have been made about shooting inside the city limits have satisfied the boys that a change is necessary. They consulted Mayor Baines, who told them the ordinance against shooting within the city limits could not be disregarded.

### PLOTZ TO MAKE CIGARS AGAIN

Mrs. Dumphy's Claim for Two Hundred Dollars To Be Adjusted.

The Charles Plotz cigar factory, which was closed by Constable Cutts, on papers held by Mrs. Dumphy, mother-in-law of the proprietor, will be open for business next Monday morning. Mr. Plotz told a Gazette man this morning that the trouble would soon be adjusted, and that the debt of \$200 would be paid.

### MUCH WITCH HAZEL THIS WEEK

Race Horses Cause a Decided Boom in the Soothing Lotion.

## FORTY YEARS

### OF SUFFERING FROM PILES.

Remarkable Cure of Popular Major Dean, of Columbus, Ohio.

People who suffer from that annoying and obstinate disease will be gratified to learn that science has discovered a safe, convenient and simple cure for every form of piles, as the experience of the popular Major Dean, of Columbus, Ohio, amply attests. The Major says: I would like to add my name to the thousands who have been cured by the Pyramid Pile Cure. I know from experience that it is the only remedy on earth that will effectually cure piles; plenty of remedies give relief for a time, but as for a lasting cure I had tried all the salves, lotions, etc., without success. Six boxes of the Pyramid Pile Cure entirely removed all traces of a case of piles of forty years standing.

You may rest assured that the Pyramid Pile Cure has no stauncher advocate than myself.

I feel that it is my duty to allow you to use my name in any way you may see fit, in order that other sufferers may thus be directed to what I feel certain will be a speedy relief and cure.

The Pyramid Pile Cure gives instant relief and a permanent cure in all kinds of blind, bleeding, itching piles.

It is absolutely free from opiates, cocaine and similar poisons, so common in pile cures.

The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00.

A book on cause and cure of Piles will be sent free by addressing the Pyramid Co., Albion, Mich.

## THIS DAY IN HISTORY.

1792—John Paul Jones, the naval hero, died in Paris; born 1747. Jones was a surname assumed by this eccentric Scotchman, who was christened John Paul. He was early engaged on a slaver and afterward in the merchant service. On the formation of the first naval force of the Revolutionary government in 1775 John Paul was named the "senior first lieutenant." Although the career of this wonderful man was as stirring as that of the average seaman on the whole, yet the victory in the Bonhomme Richard stands out in colossal proportions, dwarfing all else.

1867—Robert Mercer Taliaferro Hunter, once a leading southern statesman, died in Essex county, Va.; born 1809.

1892—Rose Terry Cooke, American authoress, died at Springfield, Mass.; born 1827.

1894—Lecoute de Lisle, French poet, died in Paris; born 1815.

1895—Charles Emmanuel Schenck, ex-president of Switzerland, died at Bern; born 1825.

Queen Victoria knighted Henry Irving and Walter Besant.

## TARIFF IN THE BACK GROUND.

Honest money democrats are coming to the belief that a third presidential ticket is not needed. They see that the defeat of Bryan must be by a majority large enough to be overwhelming if it is to have full effect in reviving trade. They are willing to reserve tariff discussions for less critical times, that the money question may be settled definitely.

As a matter of fact, however, the St. Louis tariff plank was not at all extreme. The plank read:

"We are not pledged to any particular schedules. The question of rates is a practical question, to be governed by the conditions of the time and of production."

These words are a paraphrase of an expression in a speech by McKinley at Chicago, at the observance of Lincoln's birthday anniversary five months ago. Both McKinley and the platform makers used these words with the intention of heading off any motion that the McKinley law will be re-enacted if the republicans win. No republican convention or gathering of any sort held this year anywhere asked to have the McKinley law put down on the statute book. Not one republican out of one hundred wants it. A movement to restore the McKinley law would be as vain as an attempt would be to swing the world's calendar back to 1890.

"High tariff" is a spook which democratic politicians evoke to frighten honest money democrats from voting the honest money ticket—the republican ticket. The republicans do not want a "high tariff," but they want a reasonable tariff. The trouble with the Wilson tariff is not that it is too low, but that it is unequal and unproductive. Some of its duties are too high. Most republicans want a moderate tariff, one that will treat with reasonable fairness all industries that need protection, that will not give so much to any of them that trusts will be fostered, and that will furnish enough revenue. But the tariff is only a minor issue this year. Very little will be heard about it in the canvass. Moreover, no change, good or bad, can be made in the Wilson act for several years. No matter how large a majority the republicans have in the house in 1897-98 the senate is likely to be in the hands of the silverites, and they will defeat any tariff legislation which may be attempted. The money issue dwarfs every other in 1896 as the slavery issue did in 1856-60, and men must drop all small concerns now and take sides on the dominant question as then. Honest money democrats must vote for the honest money candidate, McKinley, and when this question is settled old issues and old party divisions can be restored.

## NOT PARTY THIS YEAR.

A statement that comes from those nearest to Mr. Cleveland is that of Assistant Treasurer Hamlin. Mr. Hamlin spent several days at Marion, near Gray Gables, and then gave to the press this declaration:

"No political issue is involved in the coming election. The question to be decided is far deeper and more vital. The perpetuity of republican institutions has been threatened. Every loyal citizen should ally himself against the forces which controlled the Chicago convention forces of lawlessness, which are consistent with the maintenance of the republic. Henceforth there should be no republican, no democrat, but a union of loyal citizens against the combined forces of repudiation and disorder. When only the dangerous element has been stamped out at the polls by an indignant people, we can divide and discuss the political questions which for

generations have kept alive the two great political parties.

Senator Vilas tells Wisconsin democrats that the Chicago convention was not a democratic convention that the platform is not a democratic platform, and that its nominee is not a democratic nominee.

Thousands of republicans in all sections of the country are hoping that Kansas is going to send brainy John J. Ingalls back to the senate in place of the bewhiskered nonentity, Peffer.

Bryan's claim to statesmanship rests solely upon the income tax clause of the democratic tariff law, which was declared by the Supreme Court to be unconstitutional.

The day on which Bryan was nominated would be down in history as another Black Friday, were it not certain that the day he will be defeated will be Red Tuesday.

Gov. McKinley ought to forward his most hearty congratulations to Bryan, whose nomination has added so large a vote to the certainty of republican success.

Nebraska is a great state and it will probably at some future time furnish the United States a president, but it will not do so this year.

About the most fitting name yet given to the supporters of the Chicago platform and ticket is "anarchocrats."

Making hay is all right in its way, but after all it is the maker of votes who controls a convention.

No presidential candidate who took the stump for himself has ever been elected.

## MISSIONARIES AND HEATHEN.

Reason Why the Former Are Failures in Many Instances.

The failure of the English protestant missionaries in West Africa to recognize the difference between the minds of the Africans and their own and their tendency to regard the African minds as so many jugs which have only to be emptied of the stuff which is in them and refilled with the particular form of doctrine they, the missionaries, are engaged in teaching is certainly one among several causes of the mission failures, and it works in very various ways—by eliminating those parts of the fetic that were a wholesome restraint and putting in their place the doctrine of the forgiveness of sin by means of repentance, etc., says the National Review. This part of Christian doctrine the negroes are very devoted to.

I have tackled several mission-trained men and women and asked them how they reconciled it to themselves to go on in the way they were doing, openly contrary to the teaching they had received. What they say I will not write down. I should prefer to give a verbatim report of the observations of a sea captain when the steering gear has broken down, but it amounts to the statement that they know they are doing wrong but they intend to repent in time. Can't you cannot call it, because they quite believe it; several times I have been in tight places with backsliders and they have turned their entire attention to this repentance, pouring out full confessions of their iniquities, instead of lending a hand that would save their lives. The popularity of a (to me) very unpleasant little hymn on the southwest coast, that has a chorus of

"A little talk with Jesus  
Makes it right,  
All right,"

demonstrates their view of the affair—no doubt sound doctrine but bad for negro morals in this world.

## BASEBALL REPORT.

Games Played in the National League Yesterday.

Yesterday Chicago took a day off, as did five other of the clubs of the circuit, and today and Sunday they go after Joyce's men with the hope of closing still further the narrow gap which holds them out of the fourth place. Down on the river Cincinnati and Baltimore again play, and the contest is likely to decide the fate of the birds and disappoint the pennant hopes of the men of the monumental village. Among the twelve struggling clubs the choice is not hard. The Reds seem to have the flag cinched. Yesterday's games:

At Cleveland—  
Cleveland .....0 0 2 0 4 2 2 2 \*—12  
Boston .....1 2 0 1 1 1 0 0 1—7

At Louisville—  
New York .....0 0 0 5 0 0 2 5 4—16  
Louisville .....2 0 2 1 0 1 0 1—7

At Pittsburgh—  
Today's game ended in a protest and row. But for the squad of police that surrounded Umpire Betts at the plate he would have been severely handled by the Phillies. A dispute over decisions was the cause. Score:

Pittsburg .....0 1 0 0 0 0 3 1 3—8  
Philadelphia .....0 1 1 2 0 0 0 0 3—7

## WOMAN'S POWER.

IT SHAPES THE DESTINIES OF MEN AND NATIONS.

Where Men Are at a Disadvantage, and "Only a Woman Can Understand a Woman's Ills."

Woman's beauty, love and devotion, rule the world. Grand women; strong mentally, morally and physically, whose ambience influences men to deeds of grandeur and heroism. Such women are all-powerful. Weakly,

sickly, ailing women have little ambition; their own troubles occupy their thoughts, and their one object is to get well.

They have no confidence in themselves, and only too often lose faith in their physicians.

All irregularities, whites, bearing-down pains, nervousness, headache, backache, "blues," distaste for society, sounds in ears, palpitation, emaciation, heavy eyes, "all gone" feeling, dread of impending evil, sleeplessness, etc., should at once be removed and vigorous health assured.

Lydia E. Pinkham's Vegetable Compound has for twenty years saved women from all this. Hear this woman speak:—

"I wish to publish what Lydia E. Pinkham's Vegetable Compound and Sanative Wash have done for me. I had falling of the womb and leucorrhoea, and they have cured me of both. I am a well woman. I suffered dreadfully with such dragging pains in the lower part of the back and extending around the body, irritation of the bladder, pain when walking and painful menstruation; I weakened terribly. I had been treated by three doctors without much help, and it only took five bottles of your Compound and three packages of Sanative Wash to cure me. I can recommend them to all women suffering with complaints like these."

# JANESVILLE BARRED FROM Y. M. C. A. GAMES

ENTRIES FROM HERE PUT IN TOO LATE.

Local Association Had Picked Out Chester Brewer and A. K. Wheeler as Certain Prize-Winners, and Wanted To See Them Shake the Plum Tree.

After all their preparation Janesville Y. M. C. boys cannot enter in the Y. M. C. A. field day games at the Lake Geneva encampment.

A summer's training is therefore in vain.

The games were those of the North American Athletic League of the Y. M. C. A. July 24 is the date and teams from all parts of seven states will compete.

Janesville's rejection is due to a misunderstanding of the conditions. The rules provide that five men can be entered from each association. From these five two must be selected before the games begin. The five, however, must be named thirty days before, and this was where the Janesville association failed.

The oversight is regretted deeply, as A. K. Wheeler and Chester Brewer, who were to have been the Janesville representatives, rank ahead of any Y. M. C. A. athletes in Wisconsin on the high jump, the hitch kick, throwing the hammer, putting the shot and pole-vaulting.

Physical Director Dixon, who has attended most of the important Y. M. C. A. meets in this part of the country for several years, is said to be confident that Brewer and Wheeler could have brought home a slice of the pie.

A special meeting of interest will be given in the Y. M. C. A. building tomorrow afternoon, to which all men are invited.

# TOPPING OF LEAF HAS BEGUN

Rock County Tobacco Makes a Very Excellent Showing—Trade Is Slack

Topping has begun in Rock county tobacco fields. The prospects are good for a heavy yield. Atmospheric conditions remain favorable to the growing crop and it is making rapid strides toward maturity.

Local market conditions remain unchanged. The Tobacco Leaf says that several dealers are riding, and are in search of nearly all kinds of leaf, but find the farmers are not disposed to accept prevailing prices, preferring to hold for a time, rather than accept of offers made. Packers claim that the tardy sale of cured goods and low prices will not permit them to offer more than they are at present, hence the small amount purchased of the farmers every week.

In this vicinity the old goods in the hands of the farmers is gradually growing less.

Among the larger transactions reported are 140 cases '92 sold to J. L. & M. F. Greene; 53 cases of '92, '93 and '94 sold by G. H. Rumrill, and 50 cases '92 sold by S. B. Heddles and a small lot of '94 bought by A. N. Jones. Rudolph, Haviland & Son have bought 100 cases Connecticut, and report a fine trade to cigar manufacturers.

# H. D. VANGALDER SEEK A WATCH

He Missed It When Coming Home From Clinton Thursday Evening

Mr. VanGelder lost the watch in the road while coming home from Clinton Thursday evening. There were Y. M. C. A. boys on wheels directly behind him and he hoped they might have seen the time piece. At last accounts, however, the watch was still missing.

# WORK AND ANXIETY MADE HER INSANE

MRS. HORACE FRAZER FOUGHT THE SHERIFF.

She Was Doubly Bound When Taken to Mendota Today—None of Her Family Have Been Heard From Since She Was Put Under Restrain.

Mrs. Horace Frazer was taken to the Mendota asylum today manacled and with her arms strapped down. A heavy shawl was also clasped around her.

So violent was the unfortunate woman that Sheriff Appleby had hard work to get her on the train.

Her resistance was very much in contrast to the matter of fact way in which she joined in the discussion of her sanity. Drs. J. B. Whiting and J. Mills were the physicians who examined her. None of her family or friends were present and not a word has been heard from them since Mrs. Frazer was found driving

about Evansville Wednesday shouting to acquaintances. She has been noticeably insane only since Monday, it is understood. When taken in charge by Marshal Brink her two little children were with her.

Evansville people had an idea that her brain had been unsettled by overwork and anxiety.

"I suppose you are making up your mind whether to send me to the asylum," she said to the doctors. "I am all right only people have been trying to do me."

She was not at all violent during her examination and seemed perfectly satisfied to go away for treatment. At the jail all night long, however, she kept the tramps awake by her screams.

# NORETTA TO CLAUDE.

If I had you the days would shorter grow And the nights—ah, the mysterious joys we two might know. Such loves ours—alas, we both are wed— There is the mighty barrier, the vows that have been said.

Who was to blame? not I not you, The love we feel today neither of us knew A year ago; but since that fatal time, My heart has all been yours, and your heart mine.

If I had you all the world would seem so bright, One perfect dream of bliss and sweet delight. Each joyous thrill or sorrow's quivering dart, Would find an answer in your waiting, loyal heart.

What else to do, then, but drink the bitter gall That is offered to our souls. Nor is that all; No light, no guiding star to cheer us, dear; One long dark night! Will it ever disappear?

If I had you, dear, I would not care to know Of but one pathway, wherein your feet did go; Nor for but one place, my heavy heart to rest, And it could never tire, on your true loving breast.

I know you love me, dear, no shadow dim or doubt, Backs my rain, or wears my heart strings out. Proof of love, or vows from these I do not seek; Each other's eyes are enough, and they too plainly speak.

### Like a Thief in the Night

Bright's disease and other Kidney troubles steal upon us and are firmly settled before we know it. If the Lungs, Heart or Liver become diseased, they tell us of it very quickly.

The Kidneys don't.

Their early symptoms are but few and apparently insignificant.

Woe to him, nevertheless, who neglects or misunderstands them.

For it means, first, blood poisoning, then dropsy, then death by stupor (coma) or convulsions.

It may attack us at any age.

Its only signs may be a little headache, a little dullness, a little twitching of the muscles, a slight bagginess or puffiness under the eyes, a little dyspepsia, slight vertigo or dizziness, and then the light is suddenly blown out.

Ease your Kidneys, preserve your health, save your life by using Dr. Hobbs' Spargus Kidney Pills. They will relieve those over-worked organs, aid them in filtering poisons and impurities out of your system, and will heal, strengthen and cure your Kidneys when diseased.

THE SICK MAN KNOCKING

at the door of health gets in if he knocks the right way, and stays out if he doesn't. There are thousands of ways of getting sick but only one way to get well. Do whatever you will, if you do not put your digestion in good order, and make your blood rich and pure, you will not get well. Rich, pure blood is the only thing that can bring perfect health. Constipation is a disease of the blood. A large part of all diseases are traceable directly to impurities in the blood, and can be cured by eliminating them with Dr. Pierce's Golden Medical Discovery. The first thing it does is to put the whole digestive system into perfect order. It stimulates the appetite, excites a copious secretion of the digestive fluids and promotes assimilation. It searches out disease germs wherever they may be, kills them and forces them out of the system. The "Golden Medical Discovery" has been used with unvarying success for over 30 years.

## MANLY VIGOR

ONCE MORE in harmony with the world, 2000 completely cured men are singing happy praises for the greatest, grandest and most successful cure for sexual weakness and lost vigor known to medical science. ## UNDER THE SNOW.

Over the earth lies the gleaming snow,  
With never a footprint today to show  
The beaten paths of the past,  
And the foolish hope and the foolish fear  
That cheered and cheered us throughout the  
year,  
How little they matter at last!

Under the desert snow, who knows  
Where lies the thistle, or where the rose  
That gladdened the heart of spring?  
Who seeks now to what distant zone  
The tuneful thrush and the lark have flown,  
Or if they still flutter and sing?

Now in the days of another year  
This well. Let old ways disappear  
Under the chastening snow,  
And over the paths that we tread anew  
May our steps be firmer, our course more true,  
Come weal at last or woe.

## MR. MEEK'S DINNER.

"I wonder, James," said Mrs. Meek doubtfully to her husband one morning, "if you could get your own dinner tonight. You see, I've had to let the servant go on her holidays for a day or two, and they want me desperately at the Woman's Aid and Relief bazaar, to help them with their high tea from 4:30 to 8:30. If you thought you could manage by yourself?"

"I'll try to survive it," observed Mr. Meek good naturedly. "I don't fancy it will prove fatal."

"I'll get a roast and cook it this morning, then," went on Mrs. Meek cheerfully, "and you can have it cold for dinner."

"Thank you," replied Mr. Meek, "you'll do nothing of the kind. I fancy I haven't gone camping pretty much every year of my life for nothing. I suspect I can manage a hot dinner about as well as most women."

Mrs. Meek had her doubts, and unlike most wives, expressed them.

Mr. Meek viewed his wife's doubts with supreme contempt, and unlike most husbands, expressed it.

Thus it finally resulted that Mrs. Meek abandoned all idea of preparing Mr. Meek's dinner for him, and betook herself to the bazaar. So it resulted, furthermore, that Mr. Meek left his office about 4 o'clock that afternoon and proceeded to collect on his way home the necessary supplies for a dainty little dinner.

An alluring display of chickens was the first thing to catch his eye, and he was just on the point of securing one of them, when, by good luck, or more probably through the natural sagacity of the man, he recollected that—well, that you don't, as a rule, cook chickens as they are. In the momentary reaction that followed this feat of memory, he bought a couple of mutton chops and three tomatoes.

"I'll have a good, plain, old fashioned English dinner," thought he, as he hurried past the deceitful chickens with something almost akin to reproach. "None of your finicky poultry dinners for me!"

"By Jove!" he exclaimed a moment later, "I'll have an apple pudding and some oyster soup to begin on."

He was so tickled with this idea that he promptly rushed into a grocery shop and purchased half a peck of their best eating apples and then hurried home without a thought of the cab he was to order for his wife at 8:30 sharp.

By 5 o'clock he had the fire going beautifully and everything ready for a start.

By 6 o'clock he was just beginning to enjoy the thing; the tomatoes were stewing divinely; the potatoes were boiling to their hearts' content and the milk for the oyster soup was simmering contentedly on the back of the stove. The oysters, by the bye, had not yet arrived.

"Dear me," thought the ambitious gentleman, "I wish I had thought of it in time, and I'd have had some oyster patties for a sort of final dessert. Hello, what's this? By thunder, if that everlasting pig headed woman hasn't left me some cold ham and a custard pie! By the Lord Harry, for 2 cents I'd throw the whole thing out into the back yard!"

The natural docility of his nature, however, prevailed, and he left the obnoxious viands unmolested and proceeded with his dinner. At 6:30 he put the chops on to broil, "as in the good old days of yore"—this poetic allusion to the style of cooking being occasioned by one of them accidentally dropping into the fire, whence he rescued it with great presence of mind by the joint assistance of the stove lifter and one of the best table napkins. By the time the chop was thus rescued both it and the table napkin were fairly well done—to say nothing stronger. This trifling difficulty he got over by putting the erring chop on the window sill to cool and the napkin into the fire—to do the other thing.

This accomplished, and with one chop gently cooking on the gridiron and the other one cooling on the window sill, he started to construct the paste for his apple pudding. This proved most fascinating. He placed a large quantity of flour in a small bowl, emptied a jug of water on top of it, added butter to taste, and proceeded to mold it deftly into shape, as he had often seen his wife do. The flour and water promptly forsook the bowl and betook themselves to his hands. Then the milk for the soup began to burn, just as the potatoes boiled dry. He rushed to the rescue and left the major portion of the paste fairly evenly divided between the handles of the two saucepans and the stove lifter. At this juncture the tomatoes started in to see if they couldn't surpass the milk in burning. They succeeded. The cat, which was accustomed to a 6:30 dinner, walked off with the chop on the window sill, while the chop on the fire grew beautifully black on the "down side." So many things were now burning all at the same time that Mr. Meek gave up all hope of trying to discover just which one was burning most. "Let the dashed things burn till they're sick of it!" was the extremely broad minded way in which he summed up the situation. With the astuteness that characterized him as distinguished from his

fellow men, he at once gave up all efforts to track the truant paste, and simply popped his apples into the oven to bake.

It was now about 7:30, and the fire was getting hotter than pretty much anything on earth, unless perhaps it was Mr. Meek. He turned all the dampers, opened all the doors, and took off all the lids. This resulted most satisfactorily; the fire began to cool. It didn't stop.

It got, if anything, a little low. After that it got very low. Then it went out. He rushed for a kindling, and nearly took his head off on a clothesline. Just as he had got nicely through expressing his views on clotheslines in general, and that clothesline in particular, he went about twice as far toward taking his head off on the same clothesline on his way back.

The gentlest of natures when roused are often the most terrible. Mr. Meek became very terrible. He used up enough kindling, profanity and coal oil to have ignited the pyramids of Egypt. He stamped and shoved and poked and banged and shook till even the cat—and it had had its dinner—was displeased with him, and departed to the outer kitchen to try the oysters, which the dilatory grocer had just deposited on the table without waiting to parley with Mr. Meek. He was a wise grocer and had heard enough.

When, about five minutes later, Mr. Meek discovered that the cat had found the oysters to its taste, he became even less calm. Had the cat been around (but, like the grocer, it had heard enough, and taken an unobtrusive departure) it is highly probable that a considerable majority of its nine lives would have come to an abrupt termination.

At this stage, to console the unfortunate man, the fire began to go again. Once started it didn't stop. In about five minutes it had burned up what remained of pretty much everything except a large pot of green tea and a small portion of Mr. Meek. The chop that the cat hadn't eaten was especially well done. It could be quite safely left on the window sill with a whole legion of cats around it. Mr. Meek, however, simply left it in the coal bin. In point of either color or hardness it would have been difficult to have found a more fitting resting place for it.

Then there came over Mr. Meek's face a terrible expression. He brought in a pail (it was the scrubbing pail which he had mistaken for the scrap pail, but no matter) and poured the soup carefully into it, throwing the pan about five feet into the sink; next he scraped the potatoes into the same pail and again another pan followed the course of the first in getting to the sink; then he poured the tomatoes on top of the potatoes, and still a third pan got to the sink with unusual rapidity. It cannot be definitely stated whether or not Mr. Meek, in doing this, was actuated by the desire to prepare some famous hunter's dish relished in the dear old camping days gone by, but certain it is no sooner did he get the tomatoes nicely on top of the potatoes, than he took the whole thing and tossed it, pail and all, into the outer lane.

This accomplished, he proceeded to make a meal off the cold ham and some bread and butter—the cooking butter, of course.

Just as he was finishing Mrs. Meek returned. "Why, James," she cried cheerfully, "you never sent the cab for me and I waited nearly an hour."

"No," said her husband calmly. "I've been terribly busy. Men from New York—just got home a little while ago. This is a very good ham—a shade overdone, though, isn't it?"

"Perhaps a shade less wouldn't have hurt it. Let me get you a piece of pie?" "No, thank you! No cold pie for me when there're hot apples in the oven. I'll tell you what you might do. You might bring 'em in if you're not too tired."

Mrs. Meek departed on her mission. In a few moments she reappeared, and without moving a muscle, placed the plate of baked apples before her lord and master. They were about the size of walnuts and the color of ebony. Judging by the way they rattled on the plate they were rather harder than flint.

Mr. Meek rose with an awful look in his eye.

"I'm afraid," observed his wife, "they're like the ham—just a shade overdone."

"If ever I catch that cat," remarked Mr. Meek as that sleek feline purred past him with a playful frisk of its tail, "I'll break every bone in its body!"—only he described its body with sundry adjectives that were very strange to the ears of Mrs. Meek. At least so she said when she described the occurrence to her bosom friend, Mrs. Muggins, next day.—Truth.

## Lucy Larcom's First Poem.

There is a poem beginning  
The first, the first! Oh, naught like it  
Our after years can bring!

which seems to have a peculiar application to first verses in general and to Lucy Larcom's in particular.

When she was 7 years old, her brother John proposed writing poetry—"just for fun"—and she assented. John soon abandoned the attempt, but Lucy produced two verses, which ran thus:

"One summer day," said little Jane,  
"We were walking down a shady lane  
When suddenly the wind blew high,  
And the red lightning flashed in the sky."

"The peals of thunder, how they rolled!  
And I felt myself a little cooled,  
For I before had been quite warm,  
But now around me was a storm."

John was elated over her success, and it is safe to say that Miss Larcom's "after years" saw "naught like it."—Youth's Companion.
